

PROPERTY & CASUALTY —

AdInsure Claims

Accelerate settlements, simplify tracking, and enable seamless collaboration with AdInsure Claims. Our solution streamlines workflows to enhance efficiency, improve customer satisfaction with service-level tracking and digital-first tools, and maximize resource utilization through intelligent task assignment and specialized pooling.

FEATURES OVERVIEW —

Optimize and innovate your claims processing experience

Claims handling

Efficiently manage the entire claims lifecycle, from FNOL and underwriting to payment and partner coordination.

Handler/manager portal

Manage tasks and workloads, use a 360° client view, advanced search, customized dashboards and reports.

Recoveries management

Streamline recovery with task assignments, adoptable processes, real-time insights, and settlement tracking.

Document management

Manage attachments, printouts, and correspondence, and integrate with third-party tools.

Reporting

Gain insights into claim data, including events, complaints, RBNS analytics, costs, SLAs, and more.

Reinsurance

Manage retention limits, reinsurance contracts, and automate risk allocation for claims.

Legal disputes

Manage complaints from registration to closure and handle legal activities for claims and recoveries.

Fraud management

Define rules for automated fraud type assignment and integrate with third-party fraud tools.

Catastrophe management

Track and analyze the impact by aggregating claims data, group events by defining common attributes.
